Verification summary

Notebook	11 executed code cells numbered 1-11; saved outputs present; no error outputs.
Pipeline	The saved expanded run reports 46 passing tests.
Verified content commit	68d6fca971a686f8558443a736760c5218dda967
Final revision	The 20 October update changed explanatory Markdown and presentation wording only; executed code and outputs were preserved.

Submission note. Moodle requires the Colab link in a PDF or text file. The private Dark.Mimic videos are intentionally excluded; the notebook displays hash-linked aggregate results and states the one-pair scope.
